Place Youngers and Dick Marshall on Peace Bonds

Result of Shooting Fray Saturday Afternoon When John Younger Fired at Marshall.

When R. R. Marshall, familiarly known as Dick Marshall, was fired upon several times by Jno. W. Younger at about four o'clock Saturday afternoon at the office of Chester Bondurant, a scene was enacted which recalled the days of Hickman's earlier period. The shots were all fired through the door and plate glass window of Mr. Bondurant's office, and the force of all the shots was so deflected that only one of them reached its mark hitting Marshall in the right chest, and causing only a slight wound, owing to the fact that it passed through a heavy overcoat, a dress coat and a thick note book, which so retarded the progress of the bullet that only a skin abrasion was the result. One shot passed through the upper part of Marshall's trouser leg, all the others being deflected by the door and glass.

Marshall is a resident of Union City, while Younger is a tenant living on the property of Marshall between here and Union City. The trouble between the men seems to have arisen from the alleged raising by Marshall of an account owed him by Younger. According to testimony brought out in the trial held Monday items in the account had been exorbitantly raised, witnesses testifying that a plow point had been charged to Younger by Marshall at \$10, repairing a gate being given at \$25.00, it was alleged.

Marshall had gone into the office of Mr. Bondurant to attend to some business transactions, when he alleges that Younger and his father, J. A. Younger, came to the office and called to him to come out and settle the account, stating that they intended to force him to sign a receipt for the account. He alleges that he refused to come out but went to the telephone and called for the sheriff's office and asked Deputy Sheriff Thomas, who answered the telephone, to come to his rescue. Mr. Thomas arrived in about five minutes and took the older Mr. Younger in custody. About this time John Younger fired at Marshall five times.

He was arrested and his preliminary hearing was had Saturday afternoon before Judge Stahr. He was bound over to the grand jury and his bond fixed at \$500 which he made. The trial was set for Monday afternoon to determine whether Younger and his father should be placed on a peace bond to prevent their carrying out threats which Marshall alleged they had made against his life and property.

Monday's trial was had before Judge Stahr, with County Attorney McNeill assisted by H. T. Smith of Fulton, representing the Commonwealth and Attorneys F. S. Moore and S. D. Stembidge representing the defendants. Many witnesses were present and a wealth of testimony was presented by both sides.

The first witness for the Commonwealth who was Marshall, testified that on numerous occasions he had heard of threats being made against his life by the two Youngers because of the account, which account he had sued for and which awaits the action of the next term of the circuit court. Marshall also testified that on several other occasions other than Saturday's melee, the Younger boy and his father had attempted to force him to settle the account, on one occasion when he was in the office of Judge F. S. Moore, at which time he alleges they sent Noble McGeehee, another tenant of his, to notify him that they wished to see him, when he also alleged McGeehee warned him that they were going to kill him. A second time he testified, was while he was in the lobby of the Littlede Hotel, when he said word was brought again by McGeehee that they were after him. He said McGeehee warned him of their approach and held the front door of the hotel, while he made his escape. He testified that he ran out the rear entrance onto Jackson street and into the door of the hotel kitchen up into the second story of the hotel. During this time he testified, J. A. Younger and four of his sons searched for him surrounding the hotel. He said he also had a peace warrant sworn out for the father, which was not served owing to the fact that the officers did not know him. He then testified that on several occasions he had tried to have a settlement made by means of disinterested men. He said that they would not agree to this but threatened his life if he did not cancel the account. He alleged then that Saturday afternoon he and George Lower had gone into Mr. Bondurant's office, and had been there a few minutes when John Younger and his father came to the office and demanded that he sign a receipt for the account.

He has held the office of Jailer for the past seven years being given a receipt for the account. Mr. Bondurant went outside his office and attempted to persuade the men to leave, but was unsuccessful. He said that then he called Mr. Thomas, who came

MURCHISON WANTS IMPORTANT POSITION

Asks Voters of the County for Position of Sheriff in August.

In our announcement column this week we are pleased to present the name of Charles A. Murchison, comes out this week as a candidate for the office of Sheriff of Fulton, subject to the action of the Democratic party in the primary election of 1921.

Charles Murchison is so well known throughout the whole of Fulton County that it is almost needless to give any introduction to the voters. He was born and reared within the confines of the county and is known to practically every man in this and surrounding counties.

He has held the office of Jailer for the past seven years being given a receipt for the account. Mr. Bondurant went outside his office and attempted to persuade the men to leave, but was unsuccessful. He said that then he called Mr. Thomas, who came

of six and so well did he serve the people during his first term that they re-elected him again in 1917 with re-election to that important office. During his incumbency as Jailer he has given his undivided effort toward properly fulfilling the office entrusted to him.

wishes especially to thank the voters of the county for the past favors they have shown him, in entrusting him one of the county's important offices for two successive terms, so that they consider his claim more important post at the next election.

Murchison's services as Jailer are so satisfactory and his treatment of the people so uniformly good that as custodian of the county he has served the county so well that we feel sure that the voters will take a mental survey of the office for which

he desires to be advanced to a higher position and with his past record if he should gain the goal he will be a credit to the county and the people an administrator which they will be proud. Mr. Murchison's activity in the past in the cause of the Democratic party commends him to every loyal Democrat. He is a zealous public servant, a strong and honest man, and we feel sure that he will make the office a very valuable one.

In examining into the qualifications of the various candidates Mr. Murchison asks that you give him your hearty consideration.

BOB JACKSON FOR SHERIFF

Well Known Fulton Countian Announces for Important Office.

The Courier is pleased this week to make announcement of the candidacy of Bob Jackson, who enters the race for the office of Sheriff of Fulton County, subject to the action of the Democratic primary August 6, 1921.

Mr. Jackson is well known throughout the county. He is a son of the late John Jackson, a civil war veteran who fought gallantly on the side of the South during that conflict together with Dr. J. W. Prather, of Woodland Mills, Tenn., Luther Maddox Bill Maddox and H. C. Matson, of State Line.

At present he is the proprietor of a grocery store in West Hickman, having lived here for several years. The voters in every precinct in the county, however are well acquainted with Bob Jackson as he was a resident of Fulton for several years besides having been a resident at State Line, Sassafras Ridge and other sections of the county during his past life.

He is a native Fulton Countian having been born and reared within the confines of this county. Mr. Jackson is married and has a family of five children. He is a poor man and as such he only desires that he be placed in a position property to supply the needs of his family and educate his children.

He asks for nothing which he does not believe he warrants. He has never held an office or been a candidate for any office, and in this his first request from the voters of the county he comes to them with the assurance that if elected he will bring to the office his very best services, and he believes that, should the majority of the voters of the county give him their support, he will make an acceptable officer and will show no favoritism in the discharge of his duties in that office.

Mr. Jackson is a man well known and well liked by all who know him. His acquaintance extends all over the county and before the primary election he will make an effort to see both the men and the women voters and present his claims in person, feeling sure that his claims to the office will meet with the hearty approval of the voters.

As a life long Democrat and a poor man who only asks that the electorate give him their support in his effort to better his condition and help to educate his family, and leaves his candidacy with the voters of the county.

Miss Esther Jackson, trained nurse who has been attending Clardie Holman, injured in the sawmill accident several weeks ago, has returned to her home in Nashville.

Fred Wiseman and family are moving to Carterville, Ill.

Judge Elvis J. Stahr Enters Race For Circuit Judgeship

Popular and Efficient County Official Asks for Important Office From Voters of First Judicial District.

HON. ELVIS J. STAHR

It is the privilege of The Courier administration as was possible during the times of soaring prices and exorbitant charging.

In the courtroom he has been fair in the trial of cases. He has tried several thousand law suits, which though small, meant just as much to party litigants as big cases and the principles of law which were involved were the same. In these cases he has meted out justice in such a manner that satisfaction was given in as many cases as is humanly possible in such a position. Certainly the fact that he has given justice in these small cases should fit him for the more important office of Circuit Judge. He is well versed in the law and is a good student and a hard worker.

Judge Stahr wishes to call the attention of the voters of the district to the fact that Fulton County has had no district officer either in the capacity of Circuit Judge or Commonwealth Attorney for a long term of years.

It is certain that the people of this county will give Judge Stahr an overwhelming majority in his race for this important office, and in his trips over the district he has met with much more than the ordinary amount of encouragement, which even now indicates that he will receive a very flattering vote in the primary election.

Of course, between now and August 6, he will make an effort to visit the voters of the district and will present to them his claims in person. He asks that both the men and women voters in the district weigh well his claims for the office which he now seeks. He richly deserves the most careful consideration, and a more thoroughly qualified man than Judge Stahr for the office of Circuit Judge is not to be found in the district. A thorough knowledge of the law, an equitable and judicial disposition, combined with his sterling qualities as a man, make him ideally fitted for that position. The Courier beseeches for Judge Stahr your most hearty approval and support, feeling sure that should he receive the majority in the August primary, this judicial district will have no cause to regret their action.

GUY HOWARD FOR SHERIFF

Popular Fultonian Yields to Wishes of Friends.

It is our pleasure this week to announce that Guy Howard of Fulton, is a candidate for the office of Sheriff of Fulton County, subject to the action of the Democratic primary in August. For some time Mr. Howard has been considering the matter, and it is a source of gratification to his many friends that he has consented to make the race.

Mr. Howard is fitted in every way for the office which he seeks. He has been a success in everything he has ever attempted. In business circles he possesses an enviable reputation. He has served on the city council of Fulton, and is at present a director of the First National Bank. He is one of the largest live stock dealers in this section and in all business dealings his word is as good as his bond.

Mr. Howard has always been a worker in the Democratic party. He has done a great work for party success, and has given liberally of his time and money in all campaigns.

We know that he would make a good

sheriff, if elected. He is young enough to put enthusiasm into his work, and old enough to put experience and ripe business judgment into it. He is making no campaign promises, except that he will devote his full time and energy to the office if elected, and give the voters a square deal in every sense of the word.

He expects to make a thorough canvass of the county before the end of the primary. Until he has had time to see the voters personally, he asks that they withhold pledges of support to any candidate, and give him a chance to explain his claims to the office.

Ignace J. Paderwski, foremost pianist and ex-premier of Poland, has arrived in the United States. He announces that he will not appear in any concerts while here, but will devote himself to musical composition and rest on his California ranch.

The daughter of Jesse McNeill is reported as improving rapidly after an operation about two weeks ago at Union City.

Wilbur Jones of Fulton, has been spending several days in Hickman on business.

Mrs. Milton Moore of Jackson, is visiting Mrs. R. B. Johnson.

Never were early assortments more delightful. Hats bearing the labels of famous millinery houses. Styles to suit every purse and appropriate for every social occasion. Attractive ready-to-wear in the new bright colors, as well as the more subdued shades. . . Also early hats for children.

PIGS WENT ON BIG "SPREE"

Ignorant Farm Hand Was Unaware of the Potency for Evil That Lies in Decayed Apples.

At Singac, N. J., some days ago, traffic was blocked in four directions by a small army of intoxicated pigs belonging to Harold Brown, who had employed Jed Van Giesen as hired man and forgot to ask him if he were experienced. Van Giesen, left to his own devices while Brown was in Newark, decided to clean up the apple orchard. He carefully separated the fruit, placing the rotten apples in baskets and dumping them into the hog pen. Being a green hand he did not know that an apple left to itself becomes a high-power distillery. To ward evening Van Giesen went to Paterson, while the pigs went on a spree. They tore down fences and were soon on the highways and byways. Big pigs and little pigs were soon dotting the scenery, and when Brown returned from Newark he spent a very unpleasant evening restoring the intoxicated bacon to its proper home.

SHERIFF FORGOT TO HANG NEGRO

Sheriff T. A. Grant, Ouachita Parish, La., notified Governor Parker that he had forgotten to hang Lonnie Eaton, a negro, sentenced to hang on February 4, and asked what he was to do with the prisoner. The sheriff's letter to the governor said that he had been so busy with other matters on February 4 that the scheduled hanging had "completely slipped his mind." The governor put the problem up to Attorney-General Coco of Louisiana, who has announced that the negro must hang unless the board of pardons recommends commutation of the sentence. In the opinion of the attorney general said the trial court sentenced Eaton to hang and the death sentence was in effect until carried out. The governor's only part, he said, was to set the date. Much consternation was felt by the state officials because of the result of the sheriff's negligence, owing to the lack of any precedent in such a case.

Sugar Beet Harvester.

A machine for topping and digging beets, which, according to the Scientific American, promises to eliminate much of the back-breaking work of harvesting, has recently been perfected. The apparatus resembles a potato digger in general outline, but in front of the lifts that remove the roots from the ground is a revolving disk 20 inches in diameter, so adjusted by a spring and roller that it measures the cutting distance from the top of the beet instead of from the ground. Immediately behind the disk are two lifts that remove the beets from the ground and deliver them to an endless chain elevator that frees them of dirt and dumps them out behind the machine. As the top and head of the sugar beet contain an acid that counteracts the sugar in the rest of the root, a harvester must measure the beets and cut them at the right place.—Youth's Companion.

NEW THINGS for the NEW SEASON

PONGEE
BLOUSES
xtra special
\$2.95

Plenty of boxes and tissue—many new Suits, new Wraps, new Dresses, new Hats, new Waists, just arrived, and with each new arrival it becomes increasingly evident that here, indeed, the new era of low prices is a fact. They are inexpensive, these spring costumes, but they couldn't be fashioned more beautifully if they cost twice as much—they are garments of which any woman may be proud.

Simplicity Is the Rule in Spring Suits

Women show a decided preference for the narrow-belted suit, of the type that may also be worn without the belt. The longer notch collar is new—link button fastenings are smart. In twill, tricotine and serge (according to fabric).

\$19.75 to \$49.50

Taffeta Is Smart

For it has a crisp, fresh quality particularly suited to Spring and Youth. We like the bouffant styles, with little ruffles, airy panels, big sashes and paniers. In plain colors, these dresses are practical as well as pretty. Many a good looking model to select from and only one of a kind. Priced as low as

\$12.95 to \$29.50

For street wear and the first informal occasions of Spring women are choosing crepe dresses. Grey is a favorite color. Pleatings, sashes, lattice effects over contrasting tones add their quota of charm. A satisfying assortment at—

\$19.75 to \$34.50

IMPORTANT: Why wait until the season is half over before buying your Spring apparel? Get 100 per cent wear out of your Spring Suit, Coat or Dress. Take advantage of our very liberal selling plan—low price for cash.

PLAN REVISION OF TAX LAWS

Idea of Giving Relief From Tremendous Taxation to Rule.

Republican leaders in Congress are awaiting the inaugural address and subsequent delineation of the Harding fiscal policy for guidance in the revision of the direct federal taxation and of the tariff.

Their plan of revision, broadly outlined which they hope the new president will endorse.

1. Refunding of government war obligations over a period of 40 to 50 years, thereby postponing liquidation of the four billion dollar victory loan which matures in 1923.

2. Repeal of the excess profits tax scaling down of the higher surtaxes which drive investments into tax free securities and raising the income tax exemption to pre-war levels.

3. Exercise of economy in government expenditures that no substitute for the excess profits tax will be necessary.

4. Levy of a special tax, possibly on sales, to raise the fund for the soldiers' bonus.

5. Increase of the tariff for revenue as well as protective purposes.

Secretary of the Treasury Houston's estimate that it would be necessary to raise \$4,000,000,000 a year for some time was predicated on the assumption that the Victory loan will be retired upon maturity and on the theory that the present generation will discharge the entire war debt.

Republican leaders are practically in a bind, however, in holding that the next generation should bear its share of the expense of the war from which it will benefit and that the immediate reduction of taxation, made possible by debt refunding will promote an earlier revival of trade and industry.

Whether it will be possible to get along without a substitute for the excess profits even with exercise of strict economy is the question that must be met at the outset of tax revision. It looks as if a majority of the next Congress would be in favor of repealing the profits tax, but on the question of a substitute there would be tremendous conflict of opinion.

On the one hand are ranged those who favor a sales tax as a substitute, on the other, those who would raise the taxes on corporations.

The views of these rival schools of economists are already being aired at length in and out of Congress.

CARD OF THANKS.

I wish to thank the people of Hickman for the many kindnesses shown to my family and myself and the favors shown my son, Everett, since his unfortunate accident.

TIME TO PRUNE AND SPRAY.

It is now time to prune and spray your home orchard. For the next two weeks the County Agent will conduct a spraying and pruning campaign of the home orchard. If you are interested and want your orchard to pay it is absolutely necessary to prune and spray it. It will be impossible for the County Agent to visit every farmer in the County during the next two weeks so if you would like to have a demonstration in your orchard drop me a card or call on me at the Farm Bureau office, No. 163, Hickman, and I will arrange to see every person who makes application especially.

We should make our orchards pay or cut them down and put the land in something that will pay. Our soils will produce good fruit if we will give it the same chance we give our corn and will be vastly more profitable besides the comfort it adds to the house.

GIRL KILLED BY BURGLARS

One of the most atrocious crimes ever committed within the borders of Dyer county occurred at Mount Hope community, three miles west of Dyer, last week when Laddie May Adcock, 11-year-old daughter of William Adcock, was killed by an armed masked burglar, who came to rob the house. Two men pushed open the door just after the members of the family, except the little girl, had retired for the night. One man held his gun on members of the family while the others took \$80 from a trunk. When the girl screamed the bandit shot her dead, her body falling over the bed. The two robbers made their escape on mules. The alarm was given and a posse headed by George Simpson and his bloodhounds was soon on the trail. A search through the mud was continued throughout the night and the next day. Several arrests of suspects have been made, but all were turned loose except one young man. The money in the trunk was the proceeds from the sale of a cow that was the property of a son of Mr. Adcock recently deceased, and was saved for the purpose of placing a monument to mark the young man's grave.

Feeling in the community in which the crime was committed was at a high pitch.

PRISONER WRITES TO SHERIFF.

Sheriff C. D. Jackson received a letter Monday from John Jones, held for burglary, who escaped from the Mississippi County Jail three weeks ago, by breaking a bolt which clamped a broken bar in place in the jail corridor. Jones' letter was postmarked Evansville, Ind., on February 6.

In the letter which started "Hello Sheriff," Jones said that he did not know when he would be back, but that the "sheriff here said you would have to hunt me myself, as he would not put himself to any trouble to do so." The reference, Mr. Jackson thinks, is to the sheriff of the Kentucky county from which Jones originally came, and where Jones' brother is the prosecuting attorney.—Charleston Enterprise-Courier.

LINE UP FOR

PURE BRED CHICKENS

Through the courtesy of the Farmers & Merchants Bank at Hickman and the Farmers Bank at Fulton, a very unusual opportunity is given the poultry raisers of Fulton county to get a start in pure bred poultry or to introduce new blood into their flocks with no cash outlay. The plan is as follows: Arrangements have been made to obtain setting eggs in large quantities from pure bred selected utility flocks of White Plymouth Rocks, the standard variety, for this county. These eggs are to be distributed to any one who makes application for them, and will fill out an agreement to return one good salable pullet next fall or its value in cash, to the bank, for each setting of eggs received. The object of this plan is to improve the poultry of this country by increasing the number of pure bred flocks. It is hoped that each lot of eggs taken will furnish a start from which a fine pure bred flock will develop. It is advisable, therefore, that no person take less than three settings of eggs.

The contract forms will be found at the Farm Bureau office at Hickman

and at the Farmers Bank at Fulton, and if you desire to take advantage of this opportunity you can fill out one of these agreements and the eggs will be ordered for you. If you live west of the M. & O. railroad it will be necessary for you to obtain your eggs thru the Farmers & Merchants Bank at Hickman, and if you live east of the M. & O. you should get your eggs thru the Farmers Bank at Fulton.

For further details consult the County Agent.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't grip or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Wanted: A National Policeman

The farmer does not get enough money for the food he sells; but the consumer, who buys it, pays too much.

It is high time that Uncle Sam constituted himself a policeman to protect both producer and consumer. If he keeps the in-between boys from raiding the Public-Food melon patch, the producer will no longer have to put up with so small a return and, what is just as important, the public will not have to pay exorbitant prices for food.

The Farm Bureaus, expressing the minds of the organized farmers of America, are setting out to convince Uncle Sam that he must act. It is only by national mobilization that the farmers can hope to secure action on this and other questions whose solution vitally affects the future of our farming industry. The Farm Bureau Movement deserves the support of each and every citizen.

THE COUNTRY GENTLEMAN, as the great national champion of progressive methods, is thoroughly in accord with the aims of the Farm

Bureaus. Its visior is national: for in gathering the sound, helpful material which makes up its \$2 big weekly issues its editors and contributors travel the country over in search of the latest news and the best opinion. Its editorial policy can therefore be accepted as fairly voicing the thought of the American farmer.

You want and need this national mirror of farm progress. It costs only \$1.00 for a year. Many farmers say it's the best buy they ever made. Send a dollar bill or your check today.

GAME RESTOCKING OF KENTUCKY IS PLANNED.

The State Game and Fish Commission is preparing to restock Kentucky with game and fish for the next season, and at the monthly meeting took steps for the distribution of fish and game throughout the state.

The hatchery in Frankfort is to be enlarged by the purchase or lease of sufficient adjacent land for several more ponds, and wet weather ponds in Ballard, which catch the Mississippi overflow, have been leased. They dry up in the fall, and before that time the fish will be seized out and carried in the commissioner's car to ponds and streams throughout the state.

A thousand quail will be trapped or purchased in counties said to be well stocked, and distributed in counties whose stock has been depleted.

Eighteen Virginia white-tailed deer from the Pine Mountain game preserve have been released on the mountain side, and a carload will be shipped to the preserve in Lyon and Trigg Counties. There are seventy-five English fallow deer already in Western Kentucky.

"CASCARETS" IF SICK, BILIOUS, HEADACHY

CONDAMN HIGH PRICED STOCK FOODS

Prominent Hog Raiser Says Prices Charged Are Unarranted—Makes His Own Hog Food, With Better Results.

"That he is all through paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs ever placed on the market," was the statement made recently by E. H. Beckstead, well known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have topped the market for several years in Iowa. He states that for years he bought high priced hog foods and hog remedies, but that he is all through paying extravagant prices for what he can make himself. He states that what the hogs need are minerals, and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows require minerals, as they keep them free from worms, and in the pink of condition, and are essential to the hog's growth and a well balanced ration.

This inexpensive mixture placed in a sheltered box where the hogs can get at it as they need it, will produce far better results than any high priced so-called stock foods.

Send two dollars to The Mineraline Chemical Co., 1638 North Wells St., Chicago, Ill., and they will forward you by prepaid parcel post enough mineraline to make a full hundred pounds.—35-4

HOW WRIGLEY'S \$30 NETTED MILLIONS

If you knew a way to make a dozen million out of that \$30 in your pocketbook, you would be interested, wouldn't you. William Wrigley, Jr., the multimillionaire Chicago chewing gum man, turned the trick. He did it with newspaper advertising. He started in Chicago about 30 years ago with a capital of \$30 and a bigger asset, namely, the belief that people would buy a good article if you let them know you had it for sale. He says, "There is no use having goods for sale unless you let people know about it," and that "the newspaper is the quick way to let people know."

THREE MEN ON PEACE BONDS

(Continued from first page.)

and took the father in charge, and that he asked Mr. Thomas to take the young man also, saying that he had told him several times to arrest them before. Mr. Thomas denied that he had been told this before, and Marshall admitted this. At this juncture John Younger began firing. When asked by the attorneys for the defense whether he was armed or not he replied that he did not remember.

Mr. Boudrant was then called to the witness stand and testified that Marshall had gone to his office with him on business and that while there the Younger men came up and called for Marshall to come out and settle the difference between them. Mr. Boudrant then told of his effort to placate the Younger men. He testified that he could not say that Marshall was armed or was not as he did not know.

McGhee was then called to testify, and his testimony to the incidents in Judge Moore's office and at the LaClede Hotel agreed with that of Marshall's. He said that at the hotel he had held the door while Marshall made his escape, keeping it closed as long as possible and that the elder Younger had threatened his life there for holding the door and letting Marshall escape.

Binford Henry was then called on as a witness for the Commonwealth and was followed by J. A. Younger, the father.

He testified that he had known Marshall for nearly two years and that during that time he had never threatened the life or property of Marshall. He said that he had made every effort to secure a settlement of the account, but owing to Marshall's unwillingness, he said, he had been unsuccessful. He testified that on one occasion the account had been submitted to disinterested arbiters who had given it up saying that the account was so unreasonable that they could not settle it. Younger testified that his son had said that if the \$300, which the account amounted to, were taken from him, he could not live. He also testified that on no occasion had he threatened the life or property of Marshall, but that Marshall had on several occasions threatened the life of his son and had made the threat that he would take every thing the young man had. He stated that he came to the hotel at the time mentioned before Marshall and McGhee entirely unarmed for the purpose of finding a just settlement of their differences. He testified that McGhee, in shutting the hotel door had mashed his finger, which he said caused him to tell him he would kill him, had he been armed. He testified also that he had been attempting to induce Marshall to withdraw the peace warrant which had been sworn out against him.

He was followed on the witness stand by John Elks, and John Ezell followed Elks. He testified that he saw George Lower remove a pistol from Marshall's pocket. He said that Lower placed it in a drawer and later took it out of the office with him.

A man named Ellis next testified that as a tenant on Marshall's place, Marshall had proposed to him that if he would stand with him in all his law suits and testify for him he would recompense him. He said that he refused to do this, saying that he would only testify to the truth and would not swear to a lie for Marshall.

He was followed by a man named Holloway, and after him Other Price, of Clayton Tenn., testified that he saw Marshall take a gun from his hip pocket and fire twice at John Younger Saturday while Younger was firing at him.

Albert Caldwell, formerly justice of the peace in Obion County, Tenn., a young man named Ratliffe, R. B. Scarce of Cayce, and Harvey Cloar of Mississippi, character witnesses, swore that they had known John Younger for some time and that his reputation was excellent.

Following these Gus Lancaster, Sperlin Griffith, Milton Spradlin, Tom Prather, and Will Barton testified that the "reputation for truth and veracity" of Marshall was bad.

Deputy Sheriff Thomas was then brought to the stand and testified as to his part in the case, which agreed with the former testimonies.

After J. A. Younger and C. T. Boudrant had come to the stand for a second time, the attorneys for the Commonwealth and the defense devoted a short time to arguing the case.

Judge Stahr then ordered J. A. Younger placed under a \$100 peace bond, John Younger under a \$500 peace bond and also placed Marshall under a peace bond of \$1000, all until the next term of the Fulton County Circuit Court.

SCHOOL NOTES.

The Sassafras Ridge School had an entertainment on Valentine's day that was much enjoyed by the school and community.

The program in the morning consisted of recitations and songs by the children, who were dressed in white and decorated with red hearts in honor of St. Valentine. At noon a most bountiful dinner was served by the patrons. The barbecued meat, chicken salads, pies, cakes, etc. were thoroughly enjoyed. The afternoon program beginning with a drill by ten little girls carrying red and white wands, concluded the entertainment prepared by the teachers and children, and was followed by several talks by Mrs. Lain, Brother Bragdon, Miss Luton and several patrons. A Parent-Teachers' Association was organized with Charles Lain as president; Mrs. Loyd Lain, vice-president; Miss Hewitt, secretary and Mrs. Ames, treasurer.

This school has enrolled one hundred and ten during the past year and great interest is being taken.

Coming real soon—"White New York Sleeps" at The Rex Theatre.

STATE TREASURER OF CHINA FAMINE FUND

JOSEPH BURGE.

In President Wilson's appeal for aid for the 40,000,000 Chinese facing starvation, he points out that \$1 will feed one Chinese for a month. Through the appointment by the President, Joseph D. Burge, president of the Louisville Board of Trade, is state treasurer and the Rev. Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary, is chairman. Funds for the China Famine Fund should be sent to Mr. Burge, 9 Board of Trade building, Louisville.

URGES FRIENDSHIP BE CEMENTED WITH CHINA

—Photo by CAUFIELD & SHOOK

DR. HENRY E. DOSKER.

NOT only from a humanitarian standpoint but in view of the serious situation faced by America in the Orient, it would be wise to cement the friendship between the United States and China, in the opinion of the Rev. Dr. Henry E. Dosker, a member of the faculty of the Presbyterian Theological Seminary, Louisville. Dr. Dosker, who served as a missionary in Japan and also in China, make an urgent appeal for funds for the 40,000,000 starving Chinese in the famine stricken provinces north of the Yellow river.

He has been in this territory and says he is not surprised at the report of the American Minister at Peking, which states that 15,000,000 of the inhabitants are subsisting on dry leaves, wild plants and tree bark and the death rate from starvation now is 15,000 a day with a typhus epidemic seemingly inevitable.

Joseph D. Burge, 9 Board of Trade building, Louisville, is treasurer in Kentucky for the China Famine Fund.

DADDY OF LEGION 'POPPY DAY'

Buckeye Major Credited With Originating Idea of Wearing Blossom in Memory of Heroes.

Major Wade C. Christy of Youngstown Post, No. 15, of the American Legion at Youngstown, O., is said to have originated the Legion's "Poppy day" and the idea of selling poppies on the street, to be worn in remembrance of our dead heroes of the World war.

The poppy was adopted at the Cleveland convention of the Legion as the official flower of the former service men's organization.

LEGION OFFICER IN MEXICO

Commander of Department Also Member of National Executive Committee of the Legion.

Although Leigh H. Royzar, commander of the department of Mexico of the American Legion was president of a large brokerage firm in Mexico City, Mexico, at the start of the World war, he enlisted in the army early in the game.

Mr. Royzar commanded a battery of field artillery as first Lieutenant and upon promotion to a captaincy, served in the Thirty-third field artillery, remaining with that organization during its service overseas. He was discharged from service at the Walter Reed hospital in Washington, D. C., June 10, 1919, and returned to his home in Mexico City.

An organizer of Alan Seeger post of the Legion at Mexico City, Mr. Royzar was named as its first commander. He was recently elected commander of his department and a member of the national executive committee of the Legion.

CLIMATIC RECORD FROM TREES.

The unique climatic record work now covers many centuries, a complete account of the results obtained by Prof. E. A. Douglass having been given in a publication of the Carnegie Institution of Washington. This investigation of weather history began with a study of the yellow pine in Arizona, from which the conclusion was soon reached that the width of the annual rings has varied with the amount of yearly rainfall. In the sequoias of California the record is continuous for more than 3,000 years. Sections of various species have been sought from many parts of Europe and America, and ingenious methods of using the data obtained have been developed. It is interesting to note that evidence of the 11-year sunspot cycle appears in the annual rings of about all groups of trees, together with more or less clear indications of other cycles.

The Hickman Bank & Trust Co. have put heavy iron gratings on their windows and doors which open out into Jackson street, thus making entrance more nearly impossible for the enterprising bank robber. They have now well nigh succeeded in equipping their bank with all the known modern impediments to the multitude of bandits who are now circulating throughout the country.

C. T. Boudurant took the contract Friday to build a dyke on the levee on the Missouri side of the river: this work will amount to something between ten and twelve thousand yards.

DRILLING TO BE RESUMED

Casing for Rittenhouse Well is Expected Within a Few Days.

Roney, Mitchell & Bruer announce that drilling at the Rittenhouse Oil Well near Bondurant, will be resumed in a few days. The casing for which work was suspended has been ordered and according to a representative of the firm should be here in a few days. As soon as it has been received, it will be put in and work begun again on the drilling.

When drilling was suspended about two weeks ago a depth of about 1700 feet had been reached. The Tennessee state geologist was called in to see the well and he and Mr. DeArmond, the driller, agreed that no further drilling should be done before the casing was secured and installed. Much interest has been evidenced of late over the well, although Roney, Mitchell & Bruer are giving out no information which might tend to create any excitement.

OLD CITIZEN DEAD

News was received last night of the death of Otto Hertwick in Cairo. Mr. Hertwick was a frequent visitor to Hickman, two of his children, Mrs. Percy Jones and Arch Hertwick, being residents of this city. His death was due to a general breakdown, the deceased having reached the ripe old age of 81 years. Mrs. Percy Jones left this morning for Cairo, where the funeral arrangements are being made. Although plans for the funeral have not yet been made, it is probable that the burial will occur here.

ELECTED VICE-PRESIDENT

The Kentucky Veterinarians held their midwinter convention in Paducah Wednesday and Thursday of last week in the Board of Trade rooms. Quite a number of speakers at the convention were men of national reputation. A banquet was tendered the visitors at the Palmer House Wednesday evening by the Paducah Rotary Club. Dr. A. O. Longnecker represented Hickman at this convention, and was honored with the election to the first vice-presidency of this organization.

Head's State Drive To Feed Chinese

THE REV. DR. F. Y. MULLINS

D. R. MULLINS is chairman in Kentucky for the China Famine Fund. This campaign which was launched by President Wilson, is to raise money to feed the 40,000,000 Chinese now facing death from starvation.

PARENT-TEACHERS ASSOCIATION.

Since our last meeting of the Parent-Teachers' Association many new names have been added to our list and by the time we meet again, March 1st, we hope there will be many more. Some of the ladies names who have recently joined are: Miss Mary Berendes, Mrs. Mary Barber, Mrs. John Pyle, Miss Alice Deeds.

We are glad to have the Ambra Townsend Post of the American Legion join us. The following members of that organization have already sent in their names and dues: Post Commander H. T. Slade, Dr. H. E. Prather, Dr. J. M. Hubbard, D. P. Aquino, C. H. Fethie, M. A. McDowell, Sam Berry, G. Crawford, B. F. Cook, L. R. Henderson, Luther Keith, Carl Keith, O. L. Cunningham and Roy S. Holland.

Other men who have joined us this week, and whose support and cooperation we appreciate are: Mayor J. O. West, Judge E. J. Stahr, Clarence Henry, and M. M. Tulloss.

If you are not already a member and are interested in the welfare of the children of our city we hope you will send in your name and \$1 annual dues, by the time this paper is published again or come up to our next meeting March 1st, and give your name there.

Every person interested in our schools and our children is eligible to membership in this association. Much lasting good may be accomplished in Hickman if the people will work together a bit unselfishly toward a common good.

Won't you get back of this movement and help make it really count for something worth while?

RAGSDALE-SIMMONS.

A pretty wedding was celebrated in West Hickman Monday when Miss Lila May Simmons, daughter of H. L. Simmons and wife became the bride of the bride's parents, the Rev. G. S. Jones, pastor of the West Hickman Baptist Church, performing the ceremony.

The bride is one of the most popular and attractive young ladies of West Hickman, and Mr. Ragsdale is a railroad clerk on the I. C. Railroad, living at Harris, Tenn.

Congratulations.

PLEATING SATISFACTION.

It is with great pleasure and satisfaction that the O. K. Steam Laundry announce the installation of their new PLEATING machine. It also gives us much pleasure to hear the nice things said regarding the beautiful work this machine is turning out. It has always been our desire to give the people of Fulton and neighboring cities only the best, and the installation of this splendid machine for Standard Accordion Pleats, Standard Box Pleats, Standard Side Pleats, is perfection, reaching the highest ideals for workmanship. All pleats made from 1-4 to 2 inches. We solicit your Pleating work, and remember too that our French Dry Cleaning and Steam Pressing Department is at your service when first-class work is desired. THE DAHLIA

No Flower Garden is Complete Without It—Easy to Grow.

This is the month when home-lovers begin to plan the best method of beautifying their premises and making their surroundings attractive so when the first whisper of spring announce it is time to plant, everything is ready.

Dahlias are claiming more than usual attention this year.

"No flower garden is complete without the Dahlia, but all Dahlias are not alike," says R. S. Williams, the Kentucky bulb grower, recognized as a Dahlia expert. "There are a number of varieties. It is just as easy to grow the best varieties as the ordinary kind.

The Decorative Dahlia is the pride of all dahlias, standing out pre-eminently. In the garden the plants are strong, sturdy, vigorous growers, with heavy, dark green foliage and a remarkable constitution. The blossoms are produced in great profusion, which is exceptional for a type of giant flowering dahlia.

"For cut flower purposes they are unsurpassed, having stems of wiry stiffness and producing their flowers in a pleasing up-right manner. As an exhibition flower the Decorative Dahlia leads because it is the largest of all dahlias. Blossoms have beauty, substance, quality—all essential characteristics of a true 'Model of Perfection'.

Mr. Williams has perfected for 1921 a fancer white and rose-violet—a dahlia of all who see it. The color is white, effectively edged rose-violet. It is an extremely wonderful blending of color possessed only by the rare novelties.

Mr. Williams is best known to flower lovers for his dahlia group, known as "Williams Big Six."

The six varieties are wonders of the dahlia world.

The collection includes the best and largest pure white dahlias in existence. The blossoms are perfect in form, and are remarkable for their beauty and large size.

The other five varieties of the "Big Six" group are:

Finest Pink—To our knowledge the grandest pink dahlia grown in America. The color is an exquisite delicate pink, shading to soft pink; flowers are five to seven inches in diameter and blossoms freely—a sensational beauty, admired by all who see it.

Finest Purple—A remarkable hand-some dahlia, of perfect form especially distinguished for its brilliant color—a most exquisite royal purple—gigantic flowers. The finest purple dahlia grown—prize winner.

Finest Red—A champion variety, producing flowers of colossal size and remarkable beauty, best in existence. Color a glowing, brilliant scarlet attracting universal attention.

Finest White and Blue—A remarkable handsome dahlia of perfect form that wins instant admiration for its sensational beauty, gorgeous sized blossoms, measuring from five to nine inches in diameter. The color is pure

white overlaid with amethyst blue. This wonderful combination gives it the appearance of delicate lavender.

YOUNG PROPERTY SOLD.

Dr. I. C. Young, who intends to leave today for Florida, sold his property, including what is known as the Bowen farm, a 180 acre tract three miles from Hickman, at public auction Saturday at Dan Newton's store in East Hickman. The sale took place at 10 o'clock with Mayor J. O. West as auctioneer. All the property sold well.

Especially noteworthy was the sale of the hog belonging to Everett Young, Edgewood Queen 5th No. 215558, a pure bred Hampshire hog. This hog was purchased from J. W. Mayes, the Hampshire man of Fulton County, last June

for the sum of \$25, and since the purchase the pig has won \$105 in prizes for \$200. The experience Everett Young has had as a member of the pig club should set a worthy example to many of our boys in the county, as any one of them can judge from his experience of the profits which may accrue from raising this pure bred stock.

Edgar Taylor spent Sunday and Monday with his wife, who is visiting her mother, Mrs. Chas. Jackson, of Hickman. From here he went to Camp Grant, Ill., where his wife will join him later.

ROPER DISTRICT NEWS.

Mr. and Mrs. Ernest Fields and daughter, Kathryn, from Hickman, spent Saturday night and Sunday with their parents, Mr. and Mrs. W. J. Fields and family and also Mr. and Mrs. Walter Crostie.—Miss Tommie Fleming spent Monday night with her friend, Miss Myrtle B. Varden, of near Ebenezer Church.—Mr. and Mrs. Drew Leip and family visited relatives at Jordan Sunday.—Mrs. Richard Semones of Union City, came Monday to visit her parents, Mr. and Mrs. T. N. Clark, and also her sister Mrs. Drew Leip and family, for a few days.—Misses Onnie and Tommie Fleming were in Hickman Saturday.—Mr. and Mrs. Horace Roper entertained the young people with a dance, Saturday night. Music was furnished from Hickman, and also some of the people. A small crowd was present and every one reported a very enjoyable time.—Mr. and Mrs. Drew Leip and family have moved to their new home which is on what used to be called the Carter place, but now belongs to Mr. Leip.—Mr. and Mrs. Dan Horton of Fulton, spent Monday night with Mrs. Horton's sister, Mrs. Lee Henry and family.—Mrs. Holly, of Fulton, visited Mrs. Dutch Boudrant and family and also Mr. and Mrs. Arthur Roper and family Sunday.—Mrs. Fannie Henry went to Hickman Saturday to spend a few days with her daughter, Mrs. Rob Roper and family.—Services were held at Spring Valley Church Saturday night and Sunday by Rev. Johnson. Only a very small crowd was present.—Jack McClellan, who has been ill for several months, died Monday morning about nine o'clock. Mr. McClellan was a good and faithful Christian, who has held his membership in Rush Creek Church for about fifty years. He was the superintendent of the Rush Creek Sunday School and never missed a Sunday from church unless he was very sick or was called away on account of sickness or other important cause. He leaves a much grieved wife, one son, two daughters, and five grandchildren besides a host of friends to mourn his death. His dear family has our deepest sympathy. He will certainly be greatly missed by everyone who knew him.—Chicken pox is now in this neighborhood besides other diseases.—Len Bryant was called to Moscow Sunday on account of his uncle being much worse.—Almos Polsgrove and daughter, Elizabeth, of Moscow, spent Saturday night and Sunday with his brother, George Polsgrove, and family.—Mr. and Mrs. Charlie Roper spent Sunday afternoon with relatives at Cayce.

Small pox is prevalent in the vicinity of Sylvan Shade, State Line and Woodland Mills, several cases having been reported to date. Reports from these communities indicate that the physicians are busy now vaccinating.

PRESIDENT WILSON SHIPS BY TRUCK

President Wilson is an advocate of the "ship by truck" idea which has been urged upon rural districts as one way to lower short haul transportation charges. He is hauling his household goods from the old home in New Jersey to the new home he will occupy in Washington after March 4. The upper picture shows the first truck load of furniture arriving at Washington—the lower shows Mrs. Wilson and her brother, Mr. Boiling, directing the unloading and placing of the household goods.

SOUTH'S VOICE IN CABINET NIL

Harding Indicates Choice for Political
Reason Would Show 'Sectionalism.'

President-elect Warren G. Harding has indicated very plainly that he will decline to let himself be swayed by sectional sentiment in the appointment of a Cabinet. This means, probably, that there will be no representative of the "Old South" in the Cabinet despite the clamor now being made for such an appointment.

Mr. Harding is strongly in favor of wiping out sectionalism in the United States. It has been urged on him that the best way to do this is to appoint a man to his cabinet from the Old South. Mr. Harding, it would seem, takes the view that this would be a recognition rather than an obliteration of sectionalism.

If, in the last analysis, Mr. Harding had put a Southern man in his Cabinet, he would let it be known that the selection was not based on sectionalism, but on the merit of the man.

There is a further possibility that Mr. Harding, while omitting a man from the South in organizing his Cabinet, may appoint a Southerner to fill a vacancy before the year is passed.

The move for a Southern Cabinet member as such is almost wholly political. There has been a wider appeal for men of the character of former Senator Marion Butler, North Carolina, endorsed by farmers generally for Secretary of Agriculture, but not likely to get the post.

CARD OF THANKS.

We wish to express our thanks to the doctor and neighbors for the many acts of kindness and sympathy shown us during the sickness and death of our dear father, Mr. J. M. Harkey.

The Children.

Today is County Court day in Fulton and all county officials are over from Hickman. This morning the will of the late G. E. Moore, who committed suicide some time ago, was probated. County Judge Elvis J. Stahr is presiding over the court. We noticed County Attorney McNeill, Clerk Clarence Henry, Jailor Chas. Murchison and several other county officials, who are seeking office again, on the streets, glad-handing their friends.—Tuesday's Fulton Leader.

**POOR BLOOD
IS JUST LIKE
SLOW POISON**

Makes You Feel Lazy and Discouraged.
You Get Nothing Done.

PEPTO-MANGAN PURIFIES

Take Up Your Blood with It. Notice
the Difference with Rich Red
Blood in Your Veins.

The man or woman or the child with a sickly-looking complexion, a pale wan face, has blood that is filled with poison. Instead of rich red blood coursing through their veins, they are trying to get along with blood that is weak and thin. It doesn't carry life-giving qualities through the body. You see those men and women every day. They are so tired. Their shoulders droop. They slouch. It is all they can do to get around.

As soon as you begin to feel that way take Pepto-Mangan, the well-known blood tonic. It will clear away the poisons and make your blood rich with red corpuscles.

Pepto-Mangan is prepared in both liquid and tablet form. One has the same medicinal value as the other. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package.

LOOMS HUM FOR WOMEN IN SHEEP COUNTRY

Leave it to the American farm woman to get out and find a market while her husband looks to idle mills for returns on a great wool crop. She dragged out the old family loom from the attic, dusted it off and started weaving blankets from virgin wool—blankets which sell from \$11 to \$15 a pair and are bought after by hotel and public institution managers. The movement first started in Arkansas and Texas where thousands of pounds of wool clip is in store—due to the low price of 20 cents offered by buyers—and which cost about 35 cents to produce. The pictures show, upper, small flock of sheep, such as may be found on any farm, lower, a wool grower's wife at Texarkana, Ark., who is making \$10 to \$15 a day with the old family loom. Offices are being opened in Texas by wool growers where orders for blankets are taken, to be filled by community looms.

ALL LOST SIGHT IN THE WAR

Members of Evergreen Post, No. 5, American Legion, Eulogized by National Commander.

The spirit of the American Legion does not lag in the members of Evergreen post, No. 5, in spite of the fact that all of its members are men who lost their sight during the World war. When F. W. Galbraith, Jr., national commander, heard of the formation of the post recently, he immediately wrote a letter to Charles Frear, post commander. Mr. Galbraith intends to visit the post in the near future.

The national commander's letter, in part, follows:

"I am touched beyond expression that these comrades of ours have seen fit to associate themselves together in affiliation with the great American Legion for the purpose of realizing more fully those ideals for which they fought. It is an inspiration to know that, scarred and maimed to an extent which would lead many to feel that to them there would be no further obligation to give to the world, but rather to live and receive, they still feel a desire to give something further of service to their country and community. This is indeed true nobility."

"California Syrup of Figs" is Child's Best Laxative

Beware! Say "California" or you may not be getting the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the child's stomach and liver so gently, so thoroughly. Directions on each bottle. But you must say "California." Don't be talked into an imitation fig syrup which hasn't the delicious fruity taste of the perfect "laxative" action.

IS PIONEER LEGION WORKER

Washington Man, Field Organizer, Will Help Supervise National Movement for More Members.

Robert A. Le Roux, who was one of the pioneer American Legion workers in the state of Washington, has been appointed field organizer at national headquarters and left recently for Nevada to begin work there.

Mr. Le Roux is a newspaper man and has had considerable experience in the field. He served with a Canadian infantry unit in France during the war. He is one of several national field organizers whose duty it will be to supervise speakers and other organizers in the national movement for more members for the American Legion. The membership campaign to be carried out this year will be national in scope.

ALWAYS ANXIOUS TO PLEASE

Hubby Ever Thoughtful of the Treasure He Had Won for a Partner in Life's Joya.

It was her birthday, but he had pushed off to business with just the usual duty-peck at her upturned face, and she was left to worry the day through, oppressed by the thought that his love was waning.

When he returned at night, wished her "many happy returns," gave her a full-size hug, and placed a tiny packet in her hand, she knew that she had wronged him. He was still the same generous-hearted Romeo who had wooed and won her.

"And I thought you'd forgotten all about it, Harold," she cooed, as she carefully unwrapped the package.

Then a black-edged expression took a front seat on her features.

"Pipe-cleaners!" she gasped.

"Yes, pet," he said, "I knew they'd please you. You never did like me to use your hatpins!"

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor health, and as a rule, there is a marked increase of disease. GROVE'S TASTELESS CHILL TONIC given regularly for three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

LEE'S Lice Killer

(Liquid and Powder)

AND

GERMOZONE

Cowgill's Drug Store INCORPORATED

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all its claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes.

Always ask for Thedford's.

Mummies Should Be Condemned. A professor of bacteriology in the Northwestern University found that mummies are a source of germ incubation, and death and destruction is likely to lurk in the household that has a mummy in its brie-a-brac department. Keep your mummies increased.
